HYUNDAI

Comfort Redefined

i800

True comfort, genuine practicality and great looks can be an illusive combination. But not with the i800. This innovative, eight seat car perfectly accommodates all the demands of modern family – and working – life in one sleek, elegant design.

Style and function come as standard with the i800. Take the rear sliding doors, creating

easy access in the tightest of spaces. Or the privacy glass that keeps your valuables and passengers securely out of sight. And whilst the remote central locking and integrated alarm ensure your i800 is secure when parked, it also has a range of features that offer incredible safety on the road including an advanced Electronic Stability Programme

(ESP), Anti-lock Braking System (ABS), Electronic Brake force Distribution (EBD) and Traction Control System (TCS).

In fact, the i800 is packed with features you'd usually expect to find on high-specification executive cars. Body coloured reversing sensors offer added convenience and protection, allowing the same ease of parking

as a smaller car without interrupting the smooth aesthetics of the rear bumper. For added style, the i800 even comes with 16" alloy wheels as standard.

But it's not just innovative features and elegant design that turns heads towards the i800. The ability of its powerful 2.5 CRDi 168 BHP engine really gives this large people

carrier the power to please – while making it incredibly light and nimble on the road. All in all, the i800 packs a real punch on style, practicality and performance.

- 1 | Electric Door Mirrors
- 2 | Privacy Glass (Rear Side and Tailgate)**
- 3 | Two Tone Bumpers and Side Mouldings
- 4 | Sliding Rear Side Doors
- 5 | Flush Sliding Side Windows
- 6 | High Mounted Brake Light
- 7 | 2.5 CRDi 170Ps - 5 Speed Manual Transmission
- 8 | Reversing Sensors

** A no cost option is available to despecify privacy glass when placing your order. Please contact your local dealer for more information.

Choice Without compromise

i800

If you have high demands when it comes to your choice of car, the i800 should be right at the top of your wish list. This is a car that genuinely puts you first, whether in the practicality of its eight seats and incredibly generous, flexible space – or its highly refined interior.

You'll be impressed by the wide range of

features packed into the i800's interior. This is a car that makes full use of the space it provides. With a generous eight seat capacity, the i800 offers a flexible system that allows you to slide and recline the second row of seats on a 60/40 split basis, and recline the third row of seats, creating a huge space for luggage, sporting gear or those essential DIY trips.

The i800 is big on comfort too. Interior refinements include a heated driver's front seat, electric front window controls and air conditioning with second row controls and vents evenly distributed throughout the vehicle. Add to that the generous legroom, which can be adjusted by sliding the second row seats, and unexpected elements such

as multiple storage compartments and convenient cup holders – and the i800's story of passenger comfort begins to take shape.

And as you'd expect from Hyundai, driver comfort is given the utmost care and attention. With its elevated driving position, the i800 offers excellent visibility, while its ergonomic dashboard and centre-mounted

gear stick help make the driver feel snug and relaxed whatever the conditions on the road. In fact, the i800 has been developed to make sure everyone arrives at the destination cool, calm and relaxed – whatever the weather or length of the journey.

- 1 | Front Airbags
